MEMBERSHIP PASS

THE NFA™ MEMBERSHIP PASS “PROJECT PARTNERSHIP PROGRAM”

NON-FUNGIBLE ART’S (NFA) MEMBERSHIP PASS, is launching early August 2022. As part of the launch, we are also introducing our unique **Project Partnership Program**.

The Goal of this program is to provide an opportunity for established and upcoming NFT projects to become integrated into our ecosystem, experiences and physical location in Las Vegas’ Art District.

How to participate in the program?

We will coordinate and/or co-host an AMA and/or Twitter Space with your community, giving your members the opportunity to participate in the NFA™ MEMBERSHIP PASS minting event. We will send you a dedicated PREMINT link after the event, and your level of partnership will be determined based on the number of unique community members that mint the pass.

Partnership integration can include:

- Branded logo displayed on website and our “Wall of Fame”
- Position in the NFT Immersive Gallery*
- Co-sponsored and/or dedicated event integration & access
- Support producing physical collectibles and toys from Project Partner collection
- Dedicated IRL events at the NFA™ space in Las Vegas
- Increased exposure and conversation around your collection via our various platforms
- Dedicated eCommerce Print on Demand store
